Vice Admiral Charles L. Melson, USN
President, Naval War College
Newport, Rhode Island

Dear Admiral Melson:

We have just completed our bibliography on the subject of Insurgency and Counterinsurgency Since World War II. Three copies are enclosed for your use. This is the annotated general bibliography on counterinsurgency and guerrilla warfare suggested in Admiral Austin's letter of 22 May 1964 addressed to General Carter. This bibliography is designed to serve as a general reading list in this field as well as including some basic titles on the subject as it applies to certain selected countries. It is hoped that this bibliography is suitable for your purposes.

We are also enclosing a copy of a Preliminary Checklist of Books Published in the United States on the Resistance in World War II, which we compiled almost two years ago for a special requirement at that time.

Sincerely yours,

(signed) Lyman B. Kirkpatrick
